

New Smyrna Beach

Shaping your Downtown

Thank you to the citizens that attended the previous two workshops held in January and March! Participants were active in analyzing current challenges, opportunities for development in the downtown area, defining “character” districts, and gave great input on our intensity preference survey.

It’s time for the third step! This time around, we will be looking at building design, architectural styles and the logistics of development intensity (FAR, floor area ratio). We need your input to tailor the standards that will guide development in those character districts for years to come! Please join us to provide your input.

- When:** Wednesday, April 6, 2011
6:00pm-8:00pm
- Where:** The Brannon Center
105 South Riverside Drive
New Smyrna Beach, FL 32168
- Who:** This community workshop is open to all interested parties

For questions, please contact Gail Henrikson at (386) 424-2134
